

The ANC YL is disgusted by remarks attributed to the racist girl Helen Zille, who when failing to defend her stupid and sexist decision to appoint predominantly white males into her cabinet, attacks the President of the Republic of South Africa. The ANC YL calls on Helen Zille to respect the office of the President of the Republic of South Africa and stop making stupid and degrading remarks against President Jacob Zuma. Zille has appointed an all male cabinet of useless people, majority of whom are her boyfriends and concubines so that she can continue to sleep around with them, yet she claims to have the moral authority to question our President.

If the fake racist girl Zille continues to speak hogwash like she has been doing during elections, we will take militant action against her, and demonstrate to her that she does not have monopoly over the Western Cape. The fake racist girl who was dropped on a head as child should understand that South Africa will never be a Mickey-mouse Republic like she wants to portray it. An absolute majority of South Africans support President Jacob Zuma and will find it very disgusting for a fake racist apartheid agent to continue undermining the highest office in South Africa.
